

Send Senators a Valentine's Day Postcard Asking Them to Love the Earth by Protecting the Climate

The Earth Care Committee has pre-printed "Valentine's Day–Love Creation" postcards for you. Please drop by the Fair Trade Coffee Table in Burlingame Hall during the social hour today and sign a postcard. These postcards – provided to us through our membership in Interfaith Power & Light– urge our Senators to love the Earth and our neighbors by passing strong climate and energy legislation.

Questions: contact [John Donnelly](#), Earth Care Committee.
